## Business Partnership Opportunities

Dr. Luca is the registered dentist in Italy. He is opening his Pharmaceutical and Dental company in Cambodia. Though, he is looking to meet Dentists in the Kingdom to discuss about business partnership opportunities.

### **Requirements:**

- Medium to high level of dentists neither the best, the most famous or the most expensive ones, nor those of low level
- Dentists who are located in different parts of Phnom Penh, in areas where mid-class people live and hang out
- Dentists who don't make orthodontic treatments (or not mostly)
- Dentists who have equipment for Xray Panoramic ( full size) and wi-fi or internet connection

### **How It Works:**

We are looking to make appointments for a face-to-face meeting with 16 interested dentists in Phnom Penh individually. The meeting will be between March 27 to April 1, 2017.

### **Purpose:**

The purpose is to discuss about business opportunities as partners or how to work together. If both parties agree, commercial agreement between Dr. Luca and the selected dentist will be made.

Please kindly [fill out your contact information here](#) and send back to Kimsopha KONG by [info@makingiteasycambodia.com](mailto:info@makingiteasycambodia.com) or call **012914201** for questions. We will contact you for meeting arrangement.
