This course is designed for expat students who would like to be able to make basic conversation in a short period of time. It focuses on developing students' speaking and listening skills.

We apply communicative-based approach in our teaching. During the course, students will be taught Khmer basic, for example, Khmer alphabets, how to form and read Khmer words, phrases and sentences through transliteration; then, they will learn from easy to more challenging Khmer conversations; by doing so, we enable them to understand and speak Khmer more quickly.
