Course Description:

Khmer Listening and Speaking Beginner course comprises two parts- part1 and 2; each part takes 15 hours.

The 1st part, a fundamental or preparation phase for beginners, has been started with simple rules of Khmer language followed by some basic conversational lessons. According to our students who took the 1st part, they have been able to understand new sentences and vocabulary in a book on their own when they do self-study;

In this 2nd part, learners' conversational skill will be developed further through various topics; they will expand their vocabulary and be able to produce more sentences from English to Khmer to make it practical for them, we have created authentic and real-life based lessons to teach them. The students also learn different tips to speaking Khmer quickly from our teachers.

In addition to conversational skill development, in each lesson, the students will be exposed to Cambodian culture as well, which is very important for foreigners who live and work in Cambodia.

Objectives:

At the end of this course completion, students will be able to:

- have conversations with Cambodian people
- gain cultural knowledge
- develop their confidence in speaking

Methods:

Due to variety of learner types, various methods employed in the lessons are communicative approach, task-based learning approach, direct method and grammar-translation method, which are believed to be effective for teaching speaking and listening skills.

Each lesson takes 2 sessions or hours; the first session is instructional, and the second one will be focused more on practice.
